This is the first time that he has used his new toy on us and he needed a lot of help before he could finally play with our tight, warm asses! We thought we would get a phone call from our new COCK HUNTER.... We must have been really horny because we could not resist it, we asked him if he would like to join us! So we dropped our pants, he dropped his pants and grabbed his hard dick, he got so horny that he let go of our mouths so that he could suck on his cock and fuck us with it. We licked his balls and rubbed his hairy, rough hole, we got on our knees and teased his dick with our pussies and our tight asses, we asked him if he would fuck us and when he finally did he pounded our wet pussies and tight asses, we begged him to fill us up with his cum and in the end he did, he let go of our lips, gave us a wet kiss and left. The Supreme Court said in a 5-4 decision that the Colorado Commission was correct, even though it applied Colorado anti-discrimination law not to Phillips' religious views but to his business's conduct.

The Court declared that the Colorado law allowed businesses to refuse service on the basis of religion. Because the Court granted Phillips' request for a very narrow ruling, it made the ruling even more of a threat. It is not clear, for 82157476af
